I am happy that KSSS is intending to publish the annual report of its activities and achievements of 2016-17. May this publication of the annual report bring more special blessings from the Lord of the Karuna Social Service Society and all its workers and social activities.

KSSS, being the social work wing of the diocese of Bijnor, has engraved a deep impression in the field of social work. Socio-economic development of the poor and the marginalized is a very important activity of the Church for the uplift of the weaker sections of the Society. With a vision to empower the community and to realize sustainable development, KSSS have made realistic changes in its approaches, keeping abreast with changing time. All this happens by being inspired by the social concerns of Jesus.

I wish to congratulate all those who are engaged in the realistic development of the needy communities, benefactors and well-wishers.

God bless all of us and all whom we serve!

With warm regards and prayers,

Yours in our Lord,

BISHOP JOHN VADAKEL CMI
